

## Dr. Sobers Francis

Instructor, Electro-Mechanical Systems Engineering Technology

Ph.D., 2014 Aerospace Engineering (Robotics)

Email: [Sobers.Francis@adpoly.ac.ae](mailto:Sobers.Francis@adpoly.ac.ae)

### Staff Bio:

Dr. Sobers Francis is specialized in autonomous systems and acquired his Ph.D. degree from UNSW Canberra, Australia. He recently joined as an instructor at Abu Dhabi Polytechnic. His interesting topics on sensing, guidance, and control for autonomous systems. Also, He has hands-on experience in robotics controls, sensor integration, image processing, and motion planning algorithms for autonomous systems. In addition, he has supervised both undergraduates and postgraduates students in their course and project works.
