

**Mr. Peter Dawson**

Professional Senior Technical Lecturer, Aeromechanical  
Aeromechanical & Autonomous Engineering Systems Technology

Email: [peter.dawson@adpoly.ac.ae](mailto:peter.dawson@adpoly.ac.ae)

**Short Bio**

Peter Dawson has been associated with the field of Aviation for over 34 years.

During this time, he has worked on Military and Commercial Aircraft. His trades include: Engines, Airframes, Armament, Planning and Instructing. He has worked in numerous countries including: Australia, United Kingdom, USA, Saudi Arabia, UAE and other areas in South West Asia.

During the last 12 years Peter has also been involved with Unmanned Systems and these have included: Fixed Wing, Multi-rotor and an Airship.

Peter has also been invited to a number of Unmanned Aircraft Conferences and Workshops as a Guest Speaker within the UAE and Australia.

Peter joined Abu Dhabi Polytechnic in March 2015 as the Chief Pilot for the Autonomous Program in Abu Dhabi. In November 2015 he moved to the Al Ain Campus to work with the Aviation Engineering Technology (AET) program.
